

Ilm Academy

FEBRUARY 2024

Asalaam alaikum Wa Rahmatullahi Wa Barakatuhu

We are very excited and looking forward to providing enrichment experiences for our students. Field trips, student-led activities and many more events are being planned for the upcoming weeks. We look forward to all students taking part in these activities. In addition, we want to ensure that the pace of learning is also consistent. We need parent support in ensuring that their child is punctual with attendance and does not miss out on learning as well as the enrichment experiences, InshaAllah

Bake Sale

Alhumdulillah! the bake sale was a tremendous success. It was delightful to see families and friends having a good time. We are very proud of all our student volunteers for helping with the bake sale. We are extremely appreciative of the PTA for all their efforts that helped make this event a success.

Trimester 2 exams and preparation for SAT's

Exams are scheduled for the week of 02/05 to 02/08. Students will be taking these exams during their class time. Students will have a full day during the exams. Please ensure that students are not taking any day off for the exams days.

Stanford Assessment Test -SAT (K-7)

Grade KG through 7th will be taking the SAT exams in the first week of March, InshaAllah. Please ensure that students are not taking any day off for the exams days.

College Board exams -PSAT 8/9, PSAT 10, SAT 11

The 8th and 9th grade students will be taking their PSAT exams. 8th -11th grade students will also be taking practice exams to prepare them for the college board exams scheduled in the month of March. The 11th graders will take SAT's which will help them when they begin applying to Universities, InshaAllah. The 11th graders are also scheduled to take their AP exams in the month of May, InshaAllah.

Field Trips

We have planned engaging, interactive and fun field trips for the month of February.

02/14/2024 -Kindergarten - 4th grade will be going to the CA Academy of Sciences (San Francisco)

02/15/2024- 5th -11th grade will be going to The Lawrence Hall of Science on the Feb 15th.

We look forward to our students having a fun, learning experience on the field trips.

Student Council News

Our amazing student council team is working diligently to plan and organize activities. Alhumdulillah they have collected funds to purchase prizes for the events that they planned for the upcoming months. We look forward to seeing students' creativity showcased through all these events.

ILMA Seeds- Green House

Alhumdulilla, with the grant that the 9th graders received from Jane Goodall's foundation, they are working on building a green house over the planters to create an optimum environment for growing plants. They will be using the funds from their grant award to purchase a DIY kit and put it together to build the greenhouse, InshaAllah.

Debate Club - "Community Service for Middle School"

The Debate Club is making a tremendous impact which is demonstrated through the impressive public speaking skills of the participating teams, MashaAllah. The senior team (Grades 5th-8th) did an excellent job of presenting their point of view on the topic of " Should Middles School students be included in community service". The next debate is scheduled for the month March with the Junior team (2nd -4th grades).
