February 2026

Welcome to Ilm 2026-27! Re-enrollment Has Started.

Assalam Alaikum Warahmatulahi Wabarakatuhu

Allhumdulillah, we are observing significant academic growth among our students as we progress toward the conclusion of the second trimester. This progress reflects the ongoing efforts of both students and staff. We remain fully committed to supporting every student in reaching their highest potential and achieving their individual learning goals. To support this progress, we encourage families to ensure that students set aside consistent time for study and review each day. Establishing this routine is essential in maintaining momentum and supporting continued academic success.

After School Soccer for Elementary

We are excited to partner with the Bay Area Soccer League to bring an afterschool soccer program to our elementary students. This program provides a fun and structured opportunity for students to build athletic skills, teamwork, and confidence. Through interschool competition, students will grow both on and off the field while developing essential skills that support lifelong success.

STUDENT LED INITIATIVES - Debate Club

In our recent January debate, we tackled two compelling topics: "Should college be free for everyone?" and "Do private schools give an unfair advantage in life?" Our affirmative teams emerged victorious in both debates, combining strong research, persuasive arguments, and effective audience engagement. We are extremely proud of the outstanding performance in our final high school debate of the year and, inshallah, look forward to shifting our focus to our upcoming elementary debate in the coming months.
